HLAF Lifetime Achievement Award For Science & Technology

The Human Life Advancement Foundation (HLAF) is the newly established foundation active in the fields of the education, technology transfer and sustainable development in developing world.

OUR MISSION : To develop networks of organizations and individuals able and willing to contribute to the needs of society, as well as in the development of internationally competent individuals.

OUR ASPIRATION : To become reference point for creation of knowledge, innovations and technology transfer related issues in developing countries. We support the importance of education in building a knowledge society.

OUR STRIVE : To be an innovative institution responsive to needs of society for innovations, knowledge and technology by supporting fruitful interaction between firms, academia and public sector.

We now offer our 2nd Lifetime Achievement Award to stimulate highly innovative research and supporting promising investigators who have innovated for the benefit of the society. Nominations are invited from outstanding researcher/research group around the world, in the field of science and technology. Nominator are welcome to nominate the researcher/research group that qualified for the Life Achievement Award 2014 funded by Human Life Advancement Foundation.
