“UPM’s mission is to be a leading Centre of Learning and Research, contributing not only towards human advancement and discovery of knowledge but also to the creation of wealth and nation building”

Universiti Putra Malaysia (UPM) is one of Malaysia’s premier universities with a long-established reputation in teaching and research. As one of the nation’s five leading research universities (RU), UPM is highly committed to the discovery of knowledge, and offers only the finest of learning experiences to its students. UPM’s postgraduate studies are managed and promoted by the School of Graduate Studies (SGS), a prestigious institution that supports the university’s sharp focus on the pursuit of knowledge and discovery, and has over the years come to be regarded as one of the best graduate schools in the country.

- One of the nation’s five leading Research Universities (RU)
- More than 80% of academic staff hold PhD degrees
- Produces the highest number of PhD students
- Recipient of the highest amount of research grants in the past 20 years
- Produces more than half of the nation’s commercialised R&D products
GRADUATE PROGRAMMES

The graduate programmes offered by the University are categorised as follows:

- Degree with Thesis – PhD and Master by research
- Degree without Thesis – Master by coursework
- Industrial PhD*
- Jointly-Awarded PhD Programmes*
- Dual Degree Programmes*

*Please refer to www.sgs.upm.edu.my for further information

Master or PhD Degree with Thesis

Students pursuing the Master or PhD degree with thesis:

- A Degree with thesis is by default without coursework, subject to any other requirement as specified by the Faculty/Institute. The supervisor may ask students to do coursework and students may request to do coursework subject to availability of the courses.
- Submit a thesis for examination at the end of the programme.
- Comply with any other specific requirement of the relevant graduate programme, as specified by the Faculty/Institute.

Master Degree without Thesis

Students pursuing the Master degree without thesis shall fulfill a minimum of 40 credits of coursework. The submission of a thesis is not a requirement but a student may be required to:

- Submit a project report or case study equivalent to 4 – 6 credits; or
- In the case where a project or case study is not required, a student is required to register additional courses to fulfill the requirement of 40 credits and pass a Comprehensive Examination which adheres to the following rules:
  - A Comprehensive Examination shall be conducted at the end of the final semester.
  - A student will be given two opportunities to pass the examination.
  - The second examination (if necessary) must be taken within sixty (60) days after the first examination.
  - Failure on the second attempt will result in termination of candidature.
ADMISSION REQUIREMENTS

Master Degree Programme
- The applicant should possess a Bachelor’s degree (with honours) in a relevant field with a minimum CGPA of 3.000; or
- An applicant without sufficient academic qualification can be admitted into the programme subject to any other requirement specified by the Faculty/Institute.
- An applicant who is in the final semester of his/her undergraduate study programme may be considered an admission provided his/her current CGPA or equivalent fulfills the graduate programme admission requirements.

Doctoral Degree Programme
- An applicant should possess a Master degree (with coursework) in a relevant field with a minimum grade average of B--; or
- An applicant should possess a Master degree (with thesis) in a relevant field; or
- An applicant with an outstanding Bachelor degree with a minimum CGPA of 3.750 (such an applicant may apply for direct admission even without a Master degree).
- An application for provisional admission may also be made by a student who has submitted his/her Master’s thesis for examination.

Language Requirements*
- A Malaysian candidate must have obtained at least a credit in English at Sijil Pelajaran Malaysia (SPM) level or have passed English courses conducted at the Diploma or Bachelor level.
- All international candidates from countries where English is not a medium of instruction must have obtained a minimum score of 550 for TOEFL or Band 6 for IELTS or Level 109 for CIEP or its equivalent. For Malay and Foreign Language Studies, the candidate must have obtained a minimum score of 450 for TOEFL or Band 5.0 for IELTS;
- Provisional admission may be granted to interested applicants who have obtained a score of 500-549 for TOEFL or Band 5.5 for IELTS or Level 107 for CIEP or its equivalent, who upon registration, are required to enrol and pass the Tertiary English Programme conducted by the University.
- Provisional admission is not applicable to those applying for:
  - Applied Comparative Linguistics
  - Applied Linguistics
  - Cultural and and Literary Studies
  - Discourse Studies
  - English Language

  *Please refer to www.sgs.upm.edu.my for further information

ELS Language Requirements
Applicants who do not meet the English proficiency requirements of their chosen programme at UPM can choose to improve their English at ELS Language Centres, Malaysia. ELS has a branch which is located in the UPM campus and runs the Certified Intensive English Programme (CIEP), which is recognised by the University. Most students who need English enhancement will spend approximately 1 semester in the ELS CIEP, depending on their level of proficiency.

The CIEP is a full-time programme that has an intake every month of the year. This 10-level programme, from Beginner to Advanced (Level 100 - 109), is designed to improve students’ English proficiency to the standard required by UPM in the fastest time possible. To gain admission into the UPM programme, students will need to complete the CIEP Level 109. Prior to beginning at ELS, students will be given a placement test to determine the CIEP level that best suits their English language capabilities. They will begin their English classes at this level, learning with peers of similar English abilities – making their learning more effective.

ELS Language Centres is an international network of English language training centres that specialise in preparing students to meet the English language proficiency requirements for university. ELS is the leading worldwide provider of English language programmes offered on university campuses.

Life at UPM

Student Life

Culture
Malaysian culture is an amalgamation of all the different ethnicities that are found within the country. At UPM, the cultural diversity is further enriched by the presence of more than 3000 international students from more than 60 countries who are enrolled in UPM.

Safety
Students’ safety is taken seriously at UPM. UPM’s security personnel patrol the campus frequently and are always at hand to offer assistance as and when necessary.

Entertainment & Shopping
UPM’s main campus is a 20-minute drive away from Kuala Lumpur, the capital city of Malaysia. Students can access the nation’s top entertainment, shopping and cultural centres via a rapid city rail service.

Currency
The monetary unit of Malaysia is Ringgit Malaysia (RM). The exchange rate is valued at USD 1 = RM3.00 (subject to fluctuation). Foreign currencies can be exchanged at banks and money changers.

(Part-time Employment)
Students can work during vacations with the permission of the Malaysian Immigration Department.

Distance Learning Programme
The Master Programmes in the fields of Human Resource Development, Corporate Communication, Malay Language and Teaching of Malay as a First Language and Manufacturing Systems Engineering are also available in distance learning mode. For more information please refer to http://www.upmet.upm.edu.my or Tel: 03-8946 8821, Fax: 03-8942 4770, E-mail: kemasukan.upmet@gmail.com

Cost of Living
The cost of living depends very much on the needs and lifestyle of the individual student. Students should have adequate funds to cover living expenses, clothing, books, travelling and others. Estimated cost of living is about RM1,500 – RM 2,000 (USD$500 - USD660) per month including meals.

Accommodation
The on-campus accommodation provides great value-for-money and in close proximity to campus facilities, transport and other important consumer services. There are two types of accommodation within the UPM campus which are available for international students which include student apartments which comprise 2-bedroom and 1-bathroom flats, and residential colleges, which comprise twin sharing rooms with common facilities. International students are advised to reserve their accommodation before coming to Malaysia as apartments and rooms in residential colleges are limited.

The cost of accommodation can vary from RM 300 - 1,500 (USD 100 - 500) a month.

Off-campus accommodation around the UPM campus is within the radius of 1 – 10 km. There are various types of accommodation which include flats, service apartments, condominiums and terrace houses. The cost of accommodation can vary from RM 450 - 1,950 (USD 150 - 650) a month.
Facilities & Amenities

Transportation
Students’ transportation inside and outside of campus is well taken care of via the UPM coach services. Each student is expected to pay approximately USD 20 per semester for unlimited rides. UPM’s Student Affairs Division has also allocated more than 20 university buses to cater to students’ academic and co-curricular activities outside the campus. UPM’s covered bus stops are equipped with fans, lights and notice boards to maximize student comfort.

Food
There is a wide range of cafeteria, restaurants and food stalls available within the campus and in the surrounding neighbourhood. Food can be obtained at any hour, for, besides the cafeterias at faculties, many eat-outs in the vicinity are open 24 hours. Among well-known fast-food outlets available in the vicinity are McDonalds and Kentucky Fried Chicken.

Health & Welfare
All international students can access outpatient clinic services provided at the University Health Centre which is located within the campus. The health centre provides a comprehensive array of health services and is well-equipped with modern facilities and pharmaceutical amenities which enable the efficient provision of effective health and dental services to all registered students and staff. Among facilities and services available at the centre are medical, dental, x-ray, physiotherapy, ambulance service, dispensary, laboratory, etc.

IT Facility
UPM’s IT infrastructure provides a range of facilities and services to assist students with their IT-related needs. Wireless hotspots and access to the Internet and other online resources including Library e-resources/e-journals and student portals are readily available throughout the university.

Sports & Recreation
UPM’s sports facilities are numerous and are aimed at encouraging and supporting its students in their sports initiatives. UPM’s commitment to sports can be seen by the dedicated block for athletes, built at the University’s Sixth College. UPM also has a swimming pool, a sports complex with a main stadium for track and field events, a multipurpose hall (for indoor games such as squash, netball, sepaktakraw, volleyball, basketball), a golf course, an equine park, etc.

Research Facilities
Cutting-edge research facilities include a sophisticated imaging facility for biological and material science investigations, a GMP-certified plant to produce animal bacterial vaccines and probiotics, an advanced biosafety lab for studying dangerous pathogens, high-end mass spectrometers for chemical studies, and a supercritical fluid centre for food science research and various other high-tech laboratories.

Amenities
Basic amenities available within the campus include a post office, bank, book shop, optical shop, etc.

International Support Services

UPM International Sdn. Bhd. (UPMI)

UPM International Sdn. Bhd. (UPMI) supports the university’s mission to become a university of international repute. It is basically responsible for providing all the necessary support to international students who are studying at UPM.

International Student Association (UPMISA)

UPMISA is a student association for international students studying at UPM and is basically responsible for fostering a good relationship among all international students of UPM by organising various interaction programmes and activities.
